The German M. E. Church Dedication. The dedication of the M. E. Church, which took place Sunday, October 29th, about seven miles northeast of town, was a very interesting meeting. The weather was invorable, consequently a large number of persons were present. After an interesting sermon by Rev. Fiegenbaum, the church was dedicated in the usual form by Rev. Fiegenbaum, Herman and Kiemer. The liberality of some on this occasion was indeed praise growing towns. worthy. Below we give the amounts as subscribed before this meeting was held.

Refere some of the last amounts -

Before some of the last amounts were subscribed, Geo. Meyer stated that he would make up the amount that was yet in arrears, which was \$39. The Germans have shown themselves to be an important factor in the development of Holt county interests. They came here as a class with nothing but willing hands. And now they can' point with their pride to their farms, and to their churches where they worship God in their own mother tongue, and say these are monuments of industry.

Within a radais of a few miles in the said com nunity, are two mills and three churches, which speaks well for the different farmers in that neighborhood. Kev. Herman and others communicated these things to friends and relatives in the old country which resulted in bringing a number of families of wealth to our county within the last two years. This proves that a word of encouragement to friends abroad, contradicting the false rumors affoat concerning one of the best States in the Union, would bring families of wealth and energy, of all nationalities to our State.

Died, in St. Joseph Mo., November 4th, 1881, after a lingering and painful illness, Mrs. H.K.S.Robinson, of Forest City, Mo.

The deceased, whether as wife, mother or friend, possessed a rare combination of qualities. To a cultivated mind and a pure womanly heart were added all the graces that could adorn and beautify a life that was as unselfish as it was stainles and sinless. She was possessed of a positive, strong mind, yet beautifully tender and considerate of the opinions and tastes of others, and while she walked with circumspection the devious paths of human life, was strict and tenacious as to the rules and principles which guided her; yet was she full of that charity and forbearance which will always orytalize her memory in the hearts of her sorrowing relatives and friends. She leaves a husband and son, and a large circle of friends both in St. Joseph and Forest City, to mourn her loss.

Several parties have been arrested for fishing in the Big Lake. We don't see why people are arrested for fishing in a bayou—this lake can be called nothing else, as water runs into it from the Missouri River several times a year and it is known that its main fish supply comes from the river. It could certainly be proven that it is not a lake.

—In the country between Bigelow and White Cloud Ferry, there are six splendid school houses, two of which are hir k, the Minton schoolhouse is a large brick, and claimed to be the best house of the kind in the country, outside of tewns. Thirty frame and brick dwellings, average cost \$2,000, besides many other good houses, shanties, buts and pens, too numerous to mention, two good sawmills; two shingle machines; 105 farms, 40 to 800 acres cach; one brick church; one I. 40, D. Hall; one wagon shop; one Saufres office. This section is less than ten miles long by 4 to 6 miles wide, there is regular services at the church, and all of the schools are running, teachers wages \$30 to \$50 per month. The sawmills are both doing their level best, and one would think, judging from the beautiful wheatfields, and the general drive of business, that the flood had been forgotten, but the heavy losses sustained, will be felt for many years.
